“SORA terrace” is opening on 28th August,
at Ryuoo Mountain Park, Nagano.

We are pleased to announce that two-stage “SORA terrace”, is opening on 28th August, 2015. It is located on the mountaintop station at an altitude of 1,770 meters. (Location: Yamanouchi-cho, Shimotakai-gun, Nagano, Japan).

Just after getting off one of the world’s largest 166-passenger ropeway, fields of flowers are spreading in the mountaintop garden, where 150 varieties can be seen. For example, Himalayan blue poppies, called heavenly fairy.

For this time, we will start to run the ropeway until evening so that guests can enjoy watching the beautiful sunset and sea of clouds. Taste also our new menus, “Cloud looking soup potpie” and “Soufflé vanilla sky” in the mountaintop restaurant.
